

AMAZING ANATOMY

HEALTH EDUCATION

To inspire and encourage children to make healthy choices by understanding just how AMAZING their bodies are!

The 1 hour session covers the anatomy & function of our main body systems and linking why & how health matters
Mindfulness is included; acknowledging our emotions and how to adopt a positive mindset

Knowledge is power and it increases self-confidence
Let's equip our children with the knowledge and tools to optimise their health and reach their potential

Sits within the VEYLD framework

Let Amazing Anatomy ease your stress with class planning, whilst meeting the requirements of the learning outcomes

Interactive and fun

Content delivered in fun, short segments, each followed by a game to consolidate the learning

Take home gifts

Each student receives a certificate and take home activities
